PERSONNEL: DEPLOYING FIELD-PROVEN, EXPERIENCED PROFESSIONALS

DI is the industry leader in providing experienced law enforcement and security professionals to missions around the world. A global recruiting network allows us to select skilled and seasoned professionals who understand the need to work with respect, whether at home or in other cultures abroad. We are a central source for licensed law enforcement personnel who can provide security services or augment existing departments worldwide.

SYSTEMS: DELIVERING SECURITY MANAGEMENT, MAINTENANCE, OPERATIONS AND TRAINING

We manage, maintain and operate security systems and equipment in some of the most challenging regions of the world. DI provides training and staffing to ensure operations continuity. And we manage critical projects that include leading-edge technology and advanced biometrics research.

DI SECURITY IN ACTION – GLOBAL PROBLEMS, INDIVIDUAL SOLUTIONS

With strengths in contingency operations, logistics and security, DI is able to integrate capabilities and provide end-to-end solutions. Whether the need is rapid response to meet surge requirements or a sustained presence to provide long-term security, we can provide the appropriate solution.

In Africa, Latin America and the Middle East, DI plays an important role today in providing critical infrastructure protection, from threat assessment and perimeter security to convoy planning and operations. At locations around the world, DI staff manage asset tracking as well as base security, guard services and close protection.

For more than 12 years, we supported the U.S. Army in the gulf region with personnel and vehicle searches, static and roving security and contract working dogs for explosives detection. We used DBIDS, the Defense Biometric Identification System, to issue badges and IDs, and we operated a joint law enforcement security desk using the DoD's criminal database – COPS – for reporting. We also provided training for a multinational team of more than 300 security guards. DI is notable for its breadth and diversity of services and for the ability to operate anywhere with a high degree of self-sufficiency. Our record of performance on this program is unsurpassed where our team of professionals protected the Army facilities with zero breaches of security in more than 12 years of contract performance.
