

DynCorp International Inc. Reports Fourth Quarter and Fiscal 2007 Year-End Financial Results

- 2007 revenues increased \$115.3 million to \$2.08 billion, or 5.9%, year-over-year
- Earnings per share increased to \$0.49, or 113% year-over-year
- Adjusted EBITDA was \$172.2 million, an increase of \$16.1 million over fiscal 2006
- Ending backlog increased 132.2% to \$6.1 billion during fiscal 2007

FALLS CHURCH, Va.--(BUSINESS WIRE)--June 6, 2007--DynCorp International Inc. (NYSE:DCP), a provider of specialized mission-critical technical services to civilian and military government agencies, today reports fiscal 2007 fourth quarter and fiscal 2007 full year financial results.

Fiscal 2007 Fourth Quarter Results

Revenue for the 2007 fourth quarter ended March 30, 2007 was \$552.3 million, up 0.6% from revenue for the fiscal 2006 fourth quarter. Revenue from the Government Services ("GS") segment for the fourth quarter decreased 2.9% over the comparable period in 2006. The lower GS revenue was attributable to reduced construction activity on the U.S. Department of State Civilian Police program. Revenue from the Maintenance and Technical Support Services ("MTSS") segment increased 7.9% over the 2006 fourth quarter. The higher MTSS revenue was attributable to the C-21 program and an increased level of effort at Columbus AFB.

Operating income for the fiscal 2007 fourth quarter increased 13.2% to \$42.9 million from the fiscal 2006 fourth quarter. Operating margin for the fiscal 2007 fourth quarter was 7.8%, compared to operating margin of 6.9% in the fiscal 2006 fourth quarter. Operating margin increased by 0.9% of revenue primarily due to strong contract performance and the effect of claims on two aviation contracts.

Net income for the fiscal 2007 fourth quarter was \$18.9 million, or \$0.33 per share, compared to net income of \$5.8 million, or \$0.18 per share, for the comparable period in fiscal 2006. The increase in 2007 fourth quarter net income was due to improved operating margins and lower interest expense resulting from redemption of the Company's preferred stock and reductions of outstanding debt during the first quarter of fiscal 2007.

Adjusted earnings before interest, taxes, depreciation, and amortization ("EBITDA") for the 2007 fourth quarter increased to \$56.7 million, or 10.3% of revenue, from \$55.6 million, or 10.1% of revenue, for the comparable period in fiscal 2006. Earnings per share for the 2007 fourth quarter improved 83.3% to \$0.33 per share from the comparable period in fiscal 2006.

Fiscal 2007 Full Year Results

Revenues for the fiscal year ended March 30, 2007, increased by \$115.3 million, or 5.9%, to \$2.08 billion, as compared to the Company's fiscal year ended March 31, 2006. Of the \$115.3 million increase, \$95.5 million was attributable to the GS segment and \$19.8 million was attributable to the MTSS segment.

Revenues from the GS segment increased 7.5% over fiscal year 2006 to \$1.36 billion. The GS revenue growth was primarily driven by increased aviation support services of drug eradication activities under the U.S. Department of State's Air Wing program in South America and Afghanistan, additional contingency and logistics services provided to the Africa Peacekeeping contract, foreign government construction increases and a foreign government contingency contract. The GS revenue increase was partially offset by the conclusion of four task orders under the World Wide Personal Protective Services program and contingency and logistics services provided after Hurricane Katrina.

Revenues from the MTSS segment increased 2.9% over fiscal year 2006 to \$722.7 million. MTSS revenue growth was primarily driven by increases in personnel and level of effort under the Contract Field Team ("CFT") program, increased domestic aviation support services provided to the U.S. Air Force under the C-21 Contractor Logistics Support program and revenue recorded in connection with wage pass-through claims. The MTSS revenue increase was partially offset by reduced U.S. government funding for the Army Propositioned Stock Afloat program and decreased services provided under the CFT contract for the V-22 program.

Operating income increased 12.1% over fiscal year 2006 to \$113.5 million. Operating margin increased 30 basis points to 5.5%. The increased operating income and operating margin reflect strong performance from fixed price contracts including the Civilian Police and International Narcotics and Law Enforcement Air Wing contracts, increased level of effort on CFT, a contract modification for construction in Afghanistan, wage pass-through claims, and reduced bad debt expense. Operating expenses include \$6.5 million of costs related to severance expenses for certain former executives and bonus compensation associated with the Company's IPO.

Net income was \$27.0 million in fiscal 2007, compared to \$7.2 million in fiscal 2006. The same factors positively affecting fiscal 2007 operating income resulted in improved year-over-year net income. Adjusted EBITDA increased 10.3% to \$172.2 million, or 8.3% of revenues, compared to adjusted EBITDA of \$156.1 million, or 7.9% of revenues, in fiscal 2006. Earnings per share for fiscal 2007 increased 113% to \$0.49 per share from \$0.23 during fiscal 2006.

Operating cash flow increased 58% to \$86.8 million as compared to fiscal 2006. The increase was driven by higher net income, accounts payable and accrued liability activities related to the timing of payroll processing, interest payments timing and accelerated customer payments.

Days sales outstanding ("DSO") was at 67 days as of the end of fiscal 2007, compared to 72 days as of the end of fiscal 2006.

Net debt, which is total debt less cash and cash equivalents, was \$528.5 million on March 30, 2007, a reduction of \$112.4 million year-over-year.

Backlog increased 132.2% to \$6.1 billion during fiscal 2007. Included in this total is \$3.3 billion related to the award of the Intelligence and Security Command ("INSCOM") contract by the U.S. Army to Global Linguist Solutions LLC ("GLS"), a joint venture of DynCorp International and McNeil Technologies. The incumbent contractor's protest of the award to GLS was sustained by the Government Accountability Office ("GAO"). The Army subsequently filed a Request for Reconsideration with the GAO which is pending decision.

Fiscal 2008 Guidance

The Company is issuing the following guidance for the fiscal year ending March 28, 2008, based on its current backlog and management's estimate of future contract awards. This guidance excludes the previously discussed INSCOM contract award due to the uncertain timing of when contract performance may commence.

	FY 2008
Revenue	\$2.3 to \$2.4 billion
EBITDA	\$190 to \$200 million
Diluted earnings per share	\$1.00 to \$1.10

Conference Call

The Company will host a conference call at 8:30 a.m. EST on Thursday, June 7, 2007, to discuss fourth quarter and full year fiscal 2007 financial results. To participate in the conference call, dial (866) 871-0758 and enter conference ID number 4851746. International callers should dial (706) 634-5249 and enter the same conference ID number above. A telephonic replay will be available from 9:30 a.m. EST on June 7, 2007, through 11:59 a.m. EST on June 14, 2007. To access the replay, please dial (800) 642-1687 or (706) 645-9291 and enter ID number 4851746.

About DynCorp International

DynCorp International Inc., through its operating company DynCorp International LLC, is a provider of specialized mission-critical technical services, mostly to civilian and military government agencies. It operates major programs in law enforcement training and support, security services, base operations, aviation services and operations, and logistics support worldwide.

Headquartered in Falls Church, Va., DynCorp International LLC has approximately 14,600 employees worldwide. For more information, visit www.dyn-intl.com.

Reconciliation to GAAP

In addition to the Company's financial results reported in accordance with accounting principles generally accepted in the United States of America ("GAAP") included in this press release, the Company has provided certain financial measures that are not calculated according to GAAP. Management believes these non-GAAP financial measures are useful in evaluating operating performance and are regularly used by security analysts, institutional investors and other interested parties in reviewing the Company. Non-GAAP financial measures are not intended to be a substitute for any GAAP financial measure and, as calculated, may not be comparable to other similarly titled measures of the performance of other companies.

For a reconciliation of non-GAAP financial measures to the comparable GAAP financial measures and for share amounts used to derive earnings per share, please see the financial schedules accompanying this release.

Forward-looking Statements

Certain statements made in this announcement may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, regarding the expectations of management with respect to revenue and profitability. All of these forward-looking statements are based on estimates and assumptions made by the Company's management that, although believed by the Company to be reasonable, are inherently uncertain. Forward-looking statements involve risks and uncertainties, including, but not limited to, economic, competitive, governmental, and technological factors outside of the Company's control that may cause its business, strategy or actual results or events to differ materially from the statements made herein. These risks and uncertainties may include, but are not limited to, the following: changes in the demand for services the Company provides; additional work awarded under the Civilian Police and International Narcotics and Law Enforcement contracts; pursuit of new commercial business in the U.S. and abroad; activities of competitors including bid protests; changes in significant operating expenses; changes in availability of capital; general economic and business conditions in the U.S. and abroad; acts of war or terrorist activities; variations in performance of financial markets; and other risks detailed from time to time in the Company's reports filed with the Securities and Exchange Commission. Given these risks and uncertainties, you are cautioned not to place undue reliance on forward-looking statements. The Company's actual results could differ materially from those contained in the forward-looking statements. The Company undertakes no obligation to publicly update or revise any forward-looking statement as a result of new information, future events or otherwise, except as required by law.

(1) Represents the premium associated with the redemption of all of the outstanding preferred stock, premium on the redemption of a portion of the senior subordinated notes and write-off of deferred financing costs associated with the early retirement of a portion of the senior subordinated notes.

(2) Shares were adjusted to reflect the 64-to-1 stock split that occurred prior to the consummation of the IPO.

(3) EBITDA is a primary component of certain covenants under our senior secured credit facility and is defined as net income before interest expense, income taxes, depreciation and amortization. We believe that EBITDA is useful to investors as a way to evaluate our ability to incur and service debt, make capital expenditures and meet working capital requirements. EBITDA does not represent net income or cash flows from operations, as these terms are defined under generally accepted accounting principles ("GAAP"), and should not be considered as an alternative to net income, operating income or any other performance measures derived in accordance with GAAP. EBITDA as presented in this press release is not necessarily comparable to similarly titled measures reported by other companies.

(4) Adjusted EBITDA is defined as EBITDA plus non-cash equity-based compensation, other compensation expenses of a non-recurring nature and severance related costs. See Reconciliation of Net Income to EBITDA and Adjusted EBITDA, a non-GAAP financial measure, included in the financial table in this press release.

(5) See Reconciliation of Net Income to Cash Earnings, a non-GAAP financial measure, included in the financial table in this press release.

Total backlog	\$6,132	\$ 2,641
=====		
Estimated remaining contract value(2)	\$8,991	\$5,727
=====		

(1) Backlog consists of orders and options under our contracts. We define contracted backlog as the estimated value of contract awards received from customers that have not been recognized as sales. Our

backlog consists of funded and unfunded backlog. Funded backlog is based upon amounts actually appropriated by a customer for payment of goods and services less actual revenue recorded as of the measurement date under that appropriation. Unfunded backlog is the actual dollar value of unexercised contract options. Most of our U.S. government contracts allow the customer the option to extend the period of performance of a contract for a period of one or more years. These options may be exercised at the sole discretion of the customer. It has been our historical experience, however, that the customer has exercised contract options.

(2) Estimated remaining contract value represents the aggregate contract revenue we estimate will be earned over the remaining life of certain contracts. When more than one company is awarded a contract for a given work requirement, we include in estimating remaining contract value only our estimate of the contract revenue we expect to earn over the remaining term of the contract. Funded backlog is based upon amounts actually appropriated by a customer for payment for goods and services. Because the U.S. federal government operates under annual appropriations, agencies of the U.S. federal government typically fund contracts on an incremental basis. Accordingly, the majority of the estimated remaining contract value is not funded backlog. Our estimated remaining contract value is based on our experience under contracts and we believe our estimates are reasonable. However, there can be no assurance that our existing contracts will result in actual revenues in any particular period or at all. These amounts could vary depending upon government policies, government budgets, appropriations and the outcome of protested contract awards.
