

We serve today for a safe tomorrow.™

DynCorp International is a global government services provider in support of U.S. national security and foreign policy objectives, delivering support solutions for defense, diplomacy, and international development.

WE SERVE TODAY FOR A SAFE TOMORROW

DynCorp International operates major programs in logistics, platform support, contingency operations, and training and mentoring to reinforce security, community stability, and the rule of law.

We provide expertly conceived and professionally executed services to meet the complex demands of today's world. We have broad international expertise and over 60 years of experience working in remote, dangerous and austere environments. We integrate our many competencies to provide solutions that fit each customer and situation, and bring a culture of compliance, accountability, and relentless performance to each program and task.

WE ARE GUIDED AT ALL TIMES BY OUR CORE VALUES

As a service company, our people are our greatest asset. We pride ourselves on the quality and commitment of our personnel, the agility and depth of our program management, and the standards of excellence and of professional and ethical conduct we uphold in all that we do.

We Serve – willingly in all locations and conditions.

We Care – for the safety, security, development, and well-being of our employees.

We Empower – our employees to succeed in a culture based on trust, respect, loyalty, and commitment.

We Perform – with a relentless commitment to exceeding expectations.

We Do the Right Thing – always, for our customers, employees, and those we serve.

AVIATION

GLOBAL SUPPORT SOLUTIONS

Maintenance, Modifications, and Support Services

From daily aircraft maintenance, modification, and overhaul to flying missions and comprehensive airfield operations, we provide the services that ensure safety, reliability, and performance.

DynCorp International supports critical military and commercial aviation needs globally with end-to-end professional services and technical support. From rapid-response field assignments to long-term engagements, we provide the world's most comprehensive array of integrated solutions for ensuring our customers' success.

By leveraging our extensive global infrastructure, we quickly organize and deploy workforce, materiel, and technology solutions to fit the need. When the need is for a turnkey solution, we provide self-sustaining programs that not only supply and maintain the mission but fulfill the critical operational roles of site development and operations, communications, security, training, and flight crews.

MAINTENANCE

We provide organizational, intermediate, and limited depot-level maintenance for any type of aircraft around the globe. We also supply and maintain all types of ground support equipment and vehicles. Today, our aviation professionals and technicians support missions at more than 100 locations worldwide – maintaining the highest level of operational readiness at all times.

- PRESET & RESET Aircraft Maintenance
- Aircraft Fleet Management
- Depot Support
- Vehicles and Ground Support Equipment Maintenance/Modifications
- Quality Control – ISO 9000:2008 Certification & Federal Aviation Administration
- FAA FAR 145 Certification
- Complete Aftermarket Logistics Support

MODIFICATIONS

We install aircraft modification programs for a broad range of weapons systems and more than 70 engine types, updating entire fleets to 21st century mission-ready status. Group "A" and "B" kit designs, fabrication assembly, installation, and modifications are carried out swiftly and skillfully by a score of trained professionals.

- Aircraft Modifications
- Engineering Design
- Kit Manufacture & Installation
- Avionics Upgrades
- Field Installations
- Cockpit & Fuselage Redesign
- Configuration Management

SUPPORT SERVICES

Company-wide we provide a broad range of services that can deliver a total mission solution or integrate as needed to fulfill any program's requirements. In addition to maintenance and modifications, we support the U.S. Department of State, state governments, and all branches of the U.S. Armed Forces with services such as airfield operations, logistics, security, construction, communications, and training in some of the most challenging regions of the world. We also maintain and crew aircraft for specialized missions such as eradicating drug crops and combating forest fires.
