

We serve today for a safe tomorrow.™

DynCorp International is a global government services provider in support of U.S. national security and foreign policy objectives, delivering support solutions for defense, diplomacy, and international development.

WE SERVE TODAY FOR A SAFE TOMORROW

DynCorp International operates major programs in logistics, platform support, contingency operations, and training and mentoring to reinforce security, community stability, and the rule of law.

We provide expertly conceived and professionally executed services to meet the complex demands of today's world. We have broad international expertise and over 60 years of experience working in remote, dangerous, and austere environments. We integrate our many competencies to provide solutions that fit each customer and situation, and bring a culture of compliance, accountability, and relentless performance to each program and task.

WE ARE GUIDED AT ALL TIMES BY OUR CORE VALUES

As a service company, our people are our greatest asset. We pride ourselves on the quality and commitment of our personnel, the agility and depth of our program management, and the standards of excellence and of professional and ethical conduct we uphold in all that we do.

We Serve – willingly in all locations and conditions.

We Care – for the safety, security, development, and well-being of our employees.

We Empower – our employees to succeed in a culture based on trust, respect, loyalty, and commitment.

We Perform – with a relentless commitment to exceeding expectations.

We Do the Right Thing – always, for our customers, employees, and those we serve.

TRAINING & MENTORING

GLOBAL SUPPORT SOLUTIONS

Global Police Training and Security Solutions

From immediate deployment to sustained presence, we provide comprehensive police training, security consulting, personal security, security systems, and emergency response support.

DynCorp International (DI) delivers flexible, integrated security solutions to suit any situation in any part of the world. We work closely with customers to assess risks and apply the right mix of professional services and advanced technologies.

We quickly organize and deploy workforce, material, and technology solutions to fit the need. When the need is for a turn-key solution, we provide self-sustaining programs that not only supply and maintain the mission but fulfill the critical operational roles of site development and operations, communications, security, and training.

GLOBAL POLICE TRAINING AND SUPPORT

We are a central resource for licensed law enforcement personnel who can provide training, security services, or augmentation of existing police forces worldwide. Since 1994, the U.S. Government has relied on us to find, train, deploy, and support U.S. civilian police to assist and train local police forces in post-conflict nations. Since then, we have deployed more than 6,000 law-enforcement professionals in 16 countries across the globe. As our programs grow, so does our reputation for success.

We take great pride in our ongoing support of the United Nations' International Civilian Police Program (CIVPOL). As the industry leader in providing experienced law enforcement professionals to missions around the world, we are helping nations create modern, professional police institutions and maintain the rule of law. Our global recruiting network allows us to select skilled and seasoned professionals who understand the need to work with respect, whether at home or abroad.

- Nascent Police & Criminal Justice Institution Support
- Law Enforcement Policing
- Police Training
- Mentoring, Equipping, Sustaining

SECURE INFRASTRUCTURE SOLUTIONS

We play important roles in providing critical infrastructure protection such as threat assessment, perimeter security, convoy planning, and operations in Africa, Latin America, and the Middle East. Our staff also manages asset tracking, base security, guard services, and close protection.

In Qatar, we support the U.S. Army with personnel and vehicle searches and contract working dogs for explosives detection. We use DBIDS, the Defense Biometric Identification System, to issue badges and IDs, and we operate a joint law enforcement security desk using the Department of Defense criminal database for reporting. We also provide training for a multinational team of more than 300 security guards. In Qatar, as elsewhere, DI is notable for its breadth and diversity of services and for the ability to operate anywhere with a high degree of self-sufficiency.

INTEGRATED SECURITY SOLUTIONS

Effective security requires close attention to the risks and conditions at each location and for each mission. We work closely with our customers to assess risks and apply the right mix of professional services and advanced technologies. DI delivers flexible and rapidly deployable, integrated security solutions to suit any situation in any part of the world – regardless of the location or conditions.
